SERVICE DEFINITION

- A. **4G/Broadband Wireless Access Licence** is a Licence to develop and operate a broadband network (a high-speed wireless connectivity which allows users to access services at upload minimum rate of 256kbps with upload-download ratio of 1:4) to provide Nationwide or Regional Broadband Wireless Access services where the licensee and Users are allowed to use their equipment in fixed location, in a nomadic manner or with fully mobile capability for voice, data, video or any multimedia services.

4G is the fourth generation of broadband cellular network technology, succeeding 3G.

A 4G system must provide capabilities defined by ITU in IMT Advanced.
