

NATIONAL COMMUNICATIONS AUTHORITY

LIST OF APPROVED DTT RECEIVERS CERTIFIED TO COMPLY WITH GS1099 AND FOR WHICH CONFORMANCE LOGO HAS BEEN AWARDED

The National Communications Authority (NCA) has indicated in the Conformance Regime for Digital Terrestrial Television (DTT) Receivers published 31 March 2014 that the National Communications Authority (NCA) “shall publish a list of DTT receiver models that have been awarded the conformance logo on its website”.

Requirements for manufacturers, importers and sellers

The Conformance Regime for DTT Receivers requires that a person or corporate entity shall not locally manufacture, assemble, import, store, offer for sale, sell, distribute or otherwise part with a Digital Terrestrial Television (DTT) receiver, unless the receiver bears the Digital Ghana thumb logo which indicates the television format it supports i.e. standard definition (SD) or High Definition (HD) unless the receiver is an engineering sample being submitted to the National Communications Authority for the purpose of obtaining conformance approval.

The Logos

The logo shall be fixed conspicuously at the back of the DTT Receiver and on the package that contains the receiver. The logo:

- shall be in full colour when it is affixed on the DTT receiver
- Shall be in full colour if the logo is affixed on the package
- May be in “black and white” with the print and background in colours which preserve the legibility of the logo where printing is done on the package.

Only equipment/products that have been duly certified by the National Communications Authority, shall have the digital Ghana thumb logo affixed to them.

Below are also the two types of Digital Ghana thumb logo which will be indicated on the products:

Figure 1: HD Logo for receivers that supports both High Definition (HD) and Standard Definition (SD)

Figure 2: SD Logo for receivers that supports only Standard Definition (SD)

List of Approved DTT Receivers

The following list of products are currently approved by NCA. This list shall be updated as and when other products are approved:
