Mr. Joseph Koranteng, Managing Director of Digital Realty Ghana, who led the delegation, emphasised the company's commitment to advancing Ghana's telecommunications infrastructure. He noted that Digital Realty offers a full suite of colocation and data center solutions designed to support and optimise critical IT infrastructure. With over 300 data centers worldwide, including presence in five African countries, he stated that the company provides businesses with secure, scalable, and cost-effective digital infrastructure solutions. He further stated that one of its key offerings is 24/7 expert support with flexible and on-demand services, allowing businesses to access scheduled or immediate support tailored to their unique needs. "Understanding that every business has different infrastructure demands, the company delivers customised data center solutions, optimising performance and reliability for each client" he said.
